Business & Pleasure

Several meetings will be conducted throughout the trip, make sure to be prepared before meetings, you are free to do whatever you want when we are not doing business. Roam the city and enjoy.

Professionalism

Make sure to represent the company professionally and to maintain the reputation of the company.

Censorship & Internet Use

Internet censorship is big in China, so apps like WhatsApp, Instagram, Telegram and Slack won't work. AED 40 will be added to your pluto cards for a VPN that works well in China "VyprVPN". It is available on laptops and phones, you can purchase the 1-month plan for AED 40, please make sure to set it up before arriving in China. We will be heavily using it to communicate using telegram/slack as well as using zoom.
